Transition Days at Wytaliba Public School

Transition Days for children who are starting school next year will be on Friday in Term 4 at Wytaliba Public School.

If you are interested in sending your child please contact the school for an information pack and we are always happy to answer any questions.

Beginning school is a milestone in the life of the whole family.

Transition to school is important because planned transition programs give children a positive start to learning and develop quality relationships on which positive lifelong learning experiences may be built.

Our Transition to School Program is designed to:

- assist children and parents in becoming familiar with school routine and classroom structure;
- develop self confidence in starting school;
- encourage effective social skills to interact with confidence with peers and teachers.
