## About Education Week

Education Week is a state wide, annual event to celebrate NSW public education, which will be held 5-9 August 2019. The week communicates the achievements of public schools, their students and the value of public education.

### *During Education Week we are:*

*Monday 5th August -*  
Participating in a STEM Day  
with Red Range Public School.

*Tuesday 6th August -* Visit  
from Glen Innes High School  
regarding yr6– yr7  
Transition talk.

*Wednesday 7th August -* Book  
Fair Parade and Wyaliba  
Public School Open Day. See  
the attached flyer.

*Thursday 8th August -*  
Education Week award  
presentation day at the Glen  
Innes Town Hall.

**The public schools of Glen Innes and  
surrounding district invite you to join  
us to celebrate public education!**

**Performances, presentations and  
displays**

**Time: 11.00am**

**When: Thursday 8th August 2019**

**Where: Glen Innes Town Hall,  
Grey Street, Glen Innes**

**Lunch: Sausage sizzle Cost: a gold  
coin donation towards 'R U Aware  
We Care', New England &  
Northwest Drought Appeal**

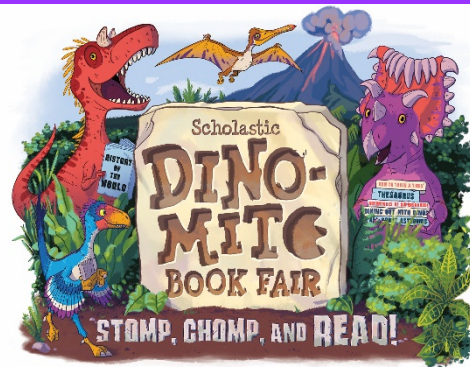

**Every student,  
every voice.**

# Everyone is invited to our Dinomite Book Fair Dress up Day! On Wednesday the 7th of August 2019.

Join us for a yummy recess at 11am followed by the Book Fair Dress Up Parade.

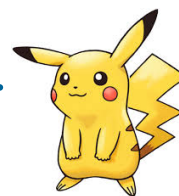

Students, playgroup members, staff, parents, family and friends are encouraged to come dressed as a dinosaur or favorite character.

Characters can be real ie. doctor, lawyer, nurse, bull rider etc.... or from a fictional story book/ graphic novel/comic/ TV show.

After the parade there is an opportunity for our guests to purchase books from the Book Fair. Each book purchased gives our school points to purchase more books for our Library. Book Fair Dress Up Day is a part of our Education Week celebrations. After the parade parents, family and friends are invited to our classroom to view student work, classroom achievements and a vocal performance.

## There are prizes to win for fantastic costumes.

Book Fair starts on Friday 2<sup>nd</sup> August and will be open during the week from 1:30pm to 2pm until the 9th of August.

With many great books for sale, it is a great opportunity to purchase gifts or stock your own personal library all sales will directly benefit our school library and our wonderful students.

# Outdoor play the SunSmart way!

SunSmart acknowledges the importance of active, outdoor play for overall health and development.

To ensure children can engage in fun, sun safe outdoor play throughout the day, please follow the 5 SunSmart steps during the daily sun protection times.

## Why?

Too much of the sun's UV radiation can cause sunburn, skin and eye damage and skin cancer. Infants and toddlers up to four years of age are particularly vulnerable to UV damage due to lower levels of melanin and a thinner stratum corneum (the outermost layer of skin). UV damage accumulated during childhood and adolescence is associated with an increased risk of skin cancer later in life.

## How?

Check SunSmart's daily sun protection times so you know when you do and don't need sun protection each day. These are available as a free app, online ([sunsmart.com.au](http://sunsmart.com.au) or [myuv.com.au](http://myuv.com.au)), in the weather section of the newspaper or as a free website widget. Perhaps you can add the widget to your service's website?

If you can't check the sun protection times each day, use these 5 SunSmart steps **from mid-August to the end of April** in Victoria (NOT just terms one and four).

1. **Slip** on cool, covering clothing that covers as much skin as possible.
2. **Slop** on SPF 30 (or higher) broad-spectrum, water-resistant sunscreen. Make sure you apply a generous amount and keep reapplying it every **2** hours. Check the expiry date.

3. **Slap** on a wide brimmed hat that shades the face, neck, ears and eyes. Baseball or peak caps don't measure up so leave those on the hat rack!
4. **Seek** shade – try a shady tree, verandah, pergola or shade sail, umbrella or tepee!
5. **Slide** on some sunglasses where practical. They should be labelled AS 1067 so you know they are UV protected.

## Shady play

Good quality shade can reduce overall exposure to the sun's UV. When combined with appropriate clothing, hats and sunscreen, children can be well protected from UV overexposure when outdoors.

Research shows that spacious preschool environments with trees, shrubbery, and broken ground triggers more physical activity and provides better sun protection in outdoor play. Shady and natural play spaces are also requirements of the Education and Care Services National Regulations (Reg. 113,114)

*How shady is your outdoor play space?*
